

algebraic and logic programming pdf

The Journal of Logical and Algebraic Methods in Programming is an international journal whose aim is to publish high quality, original research papers, survey and review articles, tutorial expositions,

METHODS IN PROGRAMMING JOURNAL OF LOGICAL AND ALGEBRAIC - Elsevier

Algebraic and Logic Programming Second International Conference Nancy, France, October 1-3, 1990 Proceedings

Algebraic and Logic Programming | SpringerLink

Algebraic Logic Functional programming language, also known as ALF, is a programming language which combines functional and logic programming techniques. Its foundation is Horn clause logic with equality which consists of predicates and Horn clauses for logic programming, and functions and equations for functional programming.

2 A. Riesco et al. / Journal of Logic and Algebraic Programming xxx (2011) xxx-xxx one to state membership axioms characterizing the elements of a sort.

The Journal of Logic and Algebraic Programming - UCM

A declarative programming language has two kinds of semantics. The more abstract helps in reasoning about specifications and correctness, while an operational semantics determines the manner of ...

(PDF) Algebra of Logic Programming - researchgate.net

LOGIC PROGRAMMING Robert Kowalski 1 INTRODUCTION The driving force behind logic programming is the idea that a single formalism suffices for both logic and computation, and that logic subsumes computation.

LOGIC PROGRAMMING - Faculty of Engineering

The workshop was devoted to Algebraic Programming, in the sense of programming by algebraic specifications and rewrite rule systems, and Logic Programming, in the sense of Horn clause specifications and resolution systems. This includes combined algebraic/logic programming systems, mutual relations and mutual implementation of programming paradigms, completeness and efficiency considerations in both fields, as well as related topics.

Algebraic and Logic Programming - International Workshop - Springer

This book constitutes the refereed proceedings of the 6th International Conference on Algebraic and Logic Programming, ALP '97 and the 3rd International Workshop on Higher-Order Algebra, Logic and Term Rewriting, HOA '97, held jointly in Southampton, UK, in September 1997.

The Journal of Logic and Algebraic Programming

programming is novel and its algebraic nature crystallized many implementation issues for us in the Maude setting that were murky in the normal semantics [4] usually associated with inductive logic programming.
