Export-led growth in the UAE: multivariate causality between primary exports, manufactured exports and economic growth ... down economic growth, while the expansion of manufactured exports can have a positive and significant effect on economic growth. In particular, Fosu (1990) indicates that primary exports have negligible impact on economic growth among the less developed countries (LDCs), while the manufacturing export sector has a positive and significant effect on economic growth. In ...

Export-led growth in the UAE: multivariate causality between primary

emphasized the need for manufactured exports expansion. However, the industrial sector exports' share of total merchandise exports has not shown significant improvement over the last decade. External and domestic factors are held to be responsible for the slow pace of the manufactured exports' growth. The main purpose of this study is to estimate the elasticities of supply and demand of manufactured exports with respect to traditional variables income and price and some other shift variables ...

Determinants of Kenya's manufactured exports: an empirical analysis

More generally, while the expansion of exports has been constrained by existing import restrictions as well as by the threat of the imposition of restrictions, the process of diversification in the developing countries has permitted them to

TRADE BETWEEN DEVELOPED AND DEVELOPING COUNTRIES': THE DECADE AHEAD
