Karen Voight's Power Packed Workout- This is the most challenging Hi/Lo Aerobics video that I have worked out with. The choreography is very complex and is very different than that used in the aerobics classes that I have taken.

Karen Voight's Videos are excellent. She doesn't talk through it, other than the instructions. I have used other tapes where they talk about something other than doing the exercise and it bores you hearing it over and over again. Karen is smart and just sticks with instruction and form.
