MAME worked with the Michigan Department of Education, Office of Professional Preparation Services, (OPPS) to create a help sheet or "quick sheet" to assist Superintendents and other school administrators in understanding proper placement of ND certified personnel (School Librarians/Media Specialists).

MAME

MAME (originally an acronym of Multiple Arcade Machine Emulator) is a free and open source emulator designed to recreate the hardware of arcade game systems in software on modern personal computers and other platforms. The intention is to preserve gaming history by preventing vintage games from being lost or forgotten.
