4 or oilseed production in India, and decreased reliance on imports of these crops from other countries. In addition, research collaborations between the two countries should be

GUIDANCE FOR APPLICANTS Pulses and Oilseeds Research Initiative: call

The edible oil and oilseeds sector in India faces many challenges in the new environment of liberalized trade. Government intervention is faced with the task of balancing the interests of different stakeholders in the oilseed complex. Providing benefits to some may be at the cost of others. This study analyzes the regional impacts on consumers and producers of liberalizing edible oil imports. It uses a multi-market, partial equilibrium computational model that takes into account regional ...
