Allergies Across America: The Largest Study of Allergy Testing in the

Egg allergy is an immune hypersensitivity to proteins found in chicken eggs, and possibly goose, duck, or turkey eggs. Symptoms can be either rapid or gradual in onset.

Egg allergy - Wikipedia

A food allergy is an abnormal immune response to food. The symptoms of the allergic reaction may range from mild to severe. They may include itchiness, swelling of the tongue, vomiting, diarrhea, hives, trouble breathing, or low blood pressure. This typically occurs within minutes to several hours of exposure. When the symptoms are severe, it is known as anaphylaxis. A food intolerance and food poisoning are separate conditions, not due to an immune response.

Food allergy - Wikipedia

Food allergy is defined as a reaction to food. This is one of several allergy care pathways, which tell health professionals what they need to know in order to provide the best care possible.

Allergy care pathway for food allergy | RCPCH

From 1890 to today, how the field of immunotherapy has progressed from theory to scientific research to clinical trials to cutting-edge cancer treatment with the support of the Cancer Research Institute (CRI), including milestones, discoveries, technologies, and treatments.

Contact dermatitis is produced by external skin exposure to an allergen, but sometimes a systemically administered allergen may reach the skin and remain concentrated there with the aid of the circulatory system, leading to the production of systemic contact dermatitis (SCD). Metals such as nickel, cobalt, chromium, and zinc are ubiquitous in our environment. Metal allergy may result in allergic contact dermatitis and also SCD. Systemic reactions, such as hand dermatitis or generalized ...

Metal Allergy and Systemic Contact Dermatitis: An Overview

Located in the School of Public Health and Health Professions since 1999, CIRRIE facilitates the sharing of information and expertise between the U.S. and world-wide partners to improve the conditions of people with disabilities.
