Probability And Odds Examples 1. Will the Cubs or the Giants be more likely to win the game? What is the chance of drawing an ace from a deck of cards? What are the possibilities of rain today? What are the chances of getting heads in one toss of the coin? When we are uncertain about the occurrence of an event, we can attempt to measure the chances of it happening with probability. 2. The probability of an event is a ratio that tells how likely it is that an event will take place. The ...

Social stratification affects people's lives and can be manifested in various ways in society. 7. Social Inequality is a structured and systematic phenomenon that affects people in various social classes throughout their lives. a. Because of this patterned inequality, social stratification affects people's life chances: Life Chances: Opportunities that individuals do or do not have to engage in certain activities, and the opportunities that they do or do not have to accomplish certain ...
