

the written world studies pdf

Contains the electronic versions of 80 books previously published in hard copy as part of the Country Studies Series by the Federal Research Division. Intended for a general audience, books in the series present a description and analysis of the historical setting and the social, economic, political, and national security systems and institutions of select countries throughout the world. Most books in the series deal with a single foreign country, but a few cover several countries or a ...

The World Wide Web, also known as the WWW and the Web, is an information space where documents and other web resources are identified by Uniform Resource Locators (URLs), interlinked by hypertext links, and accessible via the Internet. English scientist Tim Berners-Lee invented the World Wide Web in 1989.

Heightened Urgency for Business English in an Increasingly Global Workforce

This is a list of languages arranged by the approximate dates of the oldest existing texts recording a complete sentence in the language. It does not include undeciphered scripts, though there are various claims without wide acceptance, which, if substantiated, would push backward the first attestation of certain languages.
