The Globalization of K-Pop: Is K-Pop Losing its Korean-ness? The recent news of Korean boy and girl bands making headlines in Eastern and Southern Asia, Europe and the US are sending new hopes and energy through the K-Pop (short for Korean Pop) industry following the surge of pride when the Korean Wave first hit Japan and China in the late 1990s and early 2000s. The spread of Korean music and the increasing popularity of its singers is mainly due to the three major entertainment companies ...

Analysing popular music: theory, method and practice by Philip Tagg Important preface I wrote this article a long time ago (1981). While I still agree with the gist of that text, my think-ing about semiotic music analysis has developed considerably over the intervening decades.¹ Apart from the inclusion of new footnotes, a few corrected typos, the renumbering of music ex-amples and this short preface, the only significant differences between this document and the original text from 1982 ...

Analysing popular music: theory, method and practice - Tagg

The formation of preferences is an elusive subject that many social scientists, and especially economists, have tended to avoid. In this original new book, Wilfred Dolfsma combines institutional economics with insights from the other social sciences to analyse the way in which preferences are formed in a social context.

The Social Construction of Value : Institutional Economics and the

Conclude the lesson with a general discussion of the values expressed in song lyrics and whether they reflect the values of society in general.
